INVITATION

Dear Friends and Colleagues,

We welcome you to attend the **International Conference on Alzheimer's Disease & Dementia** which is going to be held on June **26-28, 2023** in **Barcelona, Spain**.

We cordially invite all the participants who are interested in sharing their knowledge and research in the arena of neuroscience and neurology. We anticipate more than 100+ participants around the globe with thought-provoking keynote lectures, oral and poster presentations.

Dementia 2023 is a unique forum to bring together worldwide distinguished academics in the field of Neuroscience and Neurology, Nutrition, Researchers, Public health professionals, Scientists, Academic scientists, Industry researchers, Scholars to exchange about state-of-the-art Research and Development. The intending participants can confirm their participation by registering for the conference along with your colleagues.

Avail the early bird offer. The main theme of the conference is **“Explicating Advancements to Battle the Silent Endemic of Dementia and Alzheimer”**. As the premier event, we have developed a program with your interests in mind.

We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting-edge presentations, special panel discussions, and livelier interaction with industry leaders and experts. Life is full of give and take. Make it count in your professional life.

Attend the Dementia 2023 to network with your peers, exchange expertise and experiences, and arm yourself with the latest information to take your department to the next level.

We look forward to personally welcoming you to conference.

Sincerely,
Organizing Committee - Dementia 2023

ABOUT US

Our International Open Access Journal

- Peer Reviewed Open Access Journals
- 21 Day Rapid Review Process
- Thousands of Readers and High Visibility
- Scientific Associations Collaborations
- Publication immediately after acceptance
- Quality and Quick editorial, review processing

Our International Scientific Conferences

- Multiple Conferences happening across the globe
- Conferences organized in Medical, Pharma, Engineering, Science, Technology and Business.
- CME/CPD Accredited Conferences fostering professional and Personal development
- Continuum of education through organized scientific program
- Renowned speakers and scientists representing from 50+ countries
- Highly Interactive sessions and Panel Discussions
- B2B Meetings offers perfect platform for Global Networking

Salient Features

- Easy to Submit and Review Systems
- High Quality and Fast Publishing Guaranteed
- Unbiased, quality-oriented, and transparent reviews
- Truly impartial recognition of the best papers
- Feedback on the impact of every article
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits
- User friendly/feasible website articles translations across more than 50 world languages
- Robust on-line publicity for all the speakers and organizing committee members
- Career Guidance Workshops for students and early career researchers
- Accepted Abstracts will be published in various indexed journals
- Accepted abstracts will be labeled with a Digital Object Identification Number (DOI) provided by Cross Ref
- Opportunity to publish full manuscripts in our Open Access Journal

ABOUT CONFERENCE

Dementia 2023, The main objective is to bring all the leading academic scientists, researchers and research scholars together to exchange and share their experiences and research results about all the aspects of neuroscience and neurology. It also provides the premier interdisciplinary forum for researchers, practitioners and educators to present and discuss the most recent innovations, trends, and concerns, practical challenges encountered and the solutions adopted in the field of neurology & neuroscience. The conference program will cover a wide variety of topics relevant to the Dementia, Geriatrics dementia and Alzheimer's disease, Dementia Care Management, Parkinson Diseases, Neurological Diseases and so on. Through this the abstracts and research profiles of our speakers and organizing committee members getting global visibility which is an additional feature that you would be receiving in addition to networking opportunities before, during and after the conference.

Dementia 2023 SALIENT FEATURES

- Meet academia and industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly organized and structured scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

HOW CONFERENCE SERIES CONFERENCES DIFFERS FROM OTHERS?

- Conferences across the globe in 25+ countries all through the year
- Participation by stalwarts from various international societies
- Internationally renowned speakers and scientists representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for global networking

GOALS

- The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration. The goal of the event is to provide a transformative professional development experience.
- Bringing together the world's scientific experts to catalyze and advance scientific knowledge about neuroscience and regulatory measures present the most recent research findings, and promote and enhance scientific collaborations around the world.
- Bringing together community leaders, scientists, and policy leaders to promote and enhance programmatic collaborations to more effectively address regional, national and local responses to elderly population around the world and overcome barriers that limit access to care and services.

ABOUT CONFERENCE

GOALS

After participating in this meeting, attendees should be able to

- Discuss emerging issues in the field of neuroscience and neurology
- Discuss and apply recent research findings related to neuroscience and neurology
- Reflect on the place of critical distance in neuroscience and neurology

WHO SHOULD ATTEND

International Conference on Neurology and Neurological Disorders, Conferences are exclusively designed for is exclusively designed for our point is to the corporate network and to make a stage for the trading of data on innovative advancements, new logical modernization and the viability of different administrative projects towards neuroscience and neurology.

The use of molecular approaches in all parts of the cutting edge neuroscience and neurology field.

PARTICIPATION OPTIONS

- Keynote Speaker (Special Session): 45-50 minutes (*more than 1 can present*)
- Speaker (Symposium): More than 45 minutes (*more than 1 can present*)
- Delegate (Only Registration): Access to all the sessions with all the benefits of registration
- Poster Presenter: can present a poster and enjoy the benefits of delegate
- Remote attendance: can participate via video presentation or e-poster presentation
- Exhibitor: can exhibit his/her company's products by booking exhibitor booths of different sizes
- Media partner
- Sponsor
- Collaborator
- For more details about each mode, kindly contact: dementia@magnivelinternational.com

<http://magnivelinternational.com/conferences/dementia-2023/>

PARTICIPATION BENEFITS

- Attend Keynote Presentation by world's most eminent researchers
- Access to all the sessions
- Get Participation Certificate
- Get worldwide acknowledgment to your profile and Research
- Get your abstracts published with unique DOI in International Journal
- Get up to 50% discounts for publishing your entire article in our open access International Journal
- Get Handbooks and conference kits
- Get an access to the network with eminent personalities from worldwide
